Press Release

*For Immediate Release
(February 24, 2011)*

County Engineer Introduces New Website

Lawrence County Engineer Doug Cade announced today that his office has implemented a website to assist in providing the public more readily available information that is available in his office. Cade said, "We want to take advantage of the technology that is available to us and allow the public to access information that is located in the County Engineer's office 24/7. In the technology age that we live, many will be able to have access to what they need even after business hours."

In addition to the website, the Lawrence County Engineer provides County Road Maintenance information on Twitter, Facebook and LinkedIn. You can follow activities of the County Engineer's office or access information by accessing the following sites:

Web: www.lawrencecountyengineer.org

Twitter: LawrenceCoEng

Facebook: Lawrence County Engineer

LinkedIn: Lawrence County Engineer

Additional information will be placed on the website as soon as it becomes available. Please keep checking back to new updates.
